

## **Addendum #2**

### **Request for Proposals Blue Box Plastics Recycling Enhancement Initiative**

**Stewardship Ontario  
and  
Waste Diversion Ontario's Continuous Improvement Fund**

**February 19, 2009**

This second addendum provides two items of clarification to requirements presented in the Request for Proposals (RFP) for the Blue Box Plastics Recycling Enhancement Initiative relating to estimates of generation of plastics.

As noted in Section 1.4 of the RFP, the deadline for submission of written questions of clarification was Friday, February 6 and the deadline for Stewardship Ontario's issuance of addenda is February 20, 2009. The closing date for the RFP is March 5, 2009.

#### ***Item #1 – Details on financial condition***

Section 4.11.2 of the RFP (Section 2 - Respondent Description) indicates that "The Respondent should provide details on its current financial condition" and provides the recommended information to be included in the Respondent's submission, to demonstrate financial condition.

If a Respondent is unable or unwilling to provide that information in their Proposal, this should be addressed as an "Exception" as discussed later in Section 4.11.2 (under Section 9 - Exceptions). In such a case, the Respondent should clearly indicate by what alternate means they will demonstrate their financial condition to Stewardship Ontario and the CIF.

#### ***Item #2 – Respondents must be incorporated, private sector processors***

Section 4.2 of the RFP indicates that "...Respondents must be incorporated, private sector processors..."

If a Respondent is not an incorporated private sector processor, this should be addressed as an "Exception" as discussed later in Section 4.11.2 (under Section 9 - Exceptions). In such a case, the Respondent should clearly define the structure of their company and clearly explain the implications for how Stewardship Ontario and the CIF will enter into a contractual relationship with the Respondent.
